

Upper Rogue Watershed Assessment

December 2006

Upper Rogue Watershed Association

- Bringing people and natural resources together since 1994 -

ACKNOWLEDGEMENTS

This assessment was prepared for the Upper Rogue Watershed Association by Cascade Earth Sciences, in conjunction with ESA Adolfson and Watershed Professionals Network. It was funded by a grant from the Oregon Watershed Enhancement Board. On behalf of the authors, we have enjoyed working with all of the committed members of the Upper Rogue Watershed Association, and appreciate the opportunity to further the knowledge base, and the progress, towards a healthier watershed.

A handwritten signature in blue ink, appearing to read 'Robert Coffan', is positioned above a horizontal line.

*Robert Coffan
Senior Hydrologist
Cascade Earth Sciences
225 South Holly Street
Medford, Oregon 97501*

The Upper Rogue Watershed Association members would like to acknowledge the dedication of our past Watershed Coordinator, Pam Galey, who died December 24, 2005.

We would also like to acknowledge URWA member Sue Mazzini for her dedicated work as a volunteer, mother, and most of all as a great Christian who was always there when needed. We mourn her passing on November 18, 2006.

TABLE OF CONTENTS

CHAPTER 1

1	Introduction and Watershed Overview	1
1.1	Introduction.....	1
1.2	The Players.....	1
1.3	Approach.....	2
1.4	Historical Background	3
1.5	General Overview	5
1.5.1	Trail Creek Subwatershed.....	6
1.5.2	Elk Creek Subwatershed	7
1.5.3	Upper Rogue River Subwatershed.....	9
1.5.4	South Fork Rogue River Subwatershed.....	11
1.5.5	Big Butte Creek Subwatershed	12
1.5.6	Lost Creek Lake Subwatershed	14
1.5.7	Shady Cove Subwatershed.....	15
	References.....	18

CHAPTER 2

2	Hydrology	1
2.1	Introduction.....	1
2.2	Water Use.....	1
2.3	Streamflow Data	2
2.4	Peak Discharge.....	5
2.4.1	Trail Creek Subwatershed.....	5
2.4.2	Elk Creek Subwatershed	9
2.4.3	Upper Rogue River Subwatershed.....	12
2.4.4	South Fork Subwatershed	16
2.4.5	Big Butte Creek Subwatershed	18
2.4.6	Lost Creek Lake Subwatershed	22
2.4.7	Shady Cove Subwatershed.....	23
2.5	Summary	25
	References.....	26

- Appendix A. Streamflow Data Tables
- Appendix B. OWRD Peak Discharge Estimates
- Appendix C. Mean, Monthly Precipitation for the Upper Rogue Watershed
- Appendix D. Detailed Report of Reservations for Consumptive Use

CHAPTER 3

3	Water quality.....	1
3.1	Introduction.....	1
3.2	Water Temperature	1
3.2.1	Main Channel.....	1
3.2.2	Tributaries	4
3.3	Nutrients – Main Channel.....	7
3.4	Chlorophyll A, Biochemical Oxygen Demand, and Suspended Solids.....	9
3.5	Bacterial Contamination	15
3.6	Summary	19
3.6.1	Overall Water Quality on the Main Channel of the Rogue River.....	19
3.6.2	Overall Water Quality Status of the Tributaries of the Rogue River.....	19
	References.....	20

CHAPTER 4

4	Fish Populations and Habitat	1
4.1	Introduction.....	1
4.2	Fish Species Distribution and Population Trends.....	1
4.2.1	Distributions.....	2
4.3	Fish Population Trends	3
4.3.1	Upper Rogue Coho Salmon	4
4.4	Spring Chinook Salmon.....	5
4.5	Fall Chinook Salmon	7
4.6	Winter Steelhead Trout.....	7
4.7	Summer Steelhead Trout.....	8
4.8	Cutthroat Trout.....	9
4.9	Pacific lamprey	10
4.10	Overview of the Watershed’s Fish Habitat Distribution and Barriers.....	10
4.10.1	Fish Habitat.....	10
4.10.2	Fish Passage Barriers	13
4.11	Subwatershed Fish Habitat Distribution and Fish Passage Barriers.....	15
4.11.1	Shady Cove Subwatershed.....	15
4.11.2	Lost Creek Subwatershed	16
4.11.3	Trail Creek Subwatershed.....	16
4.11.4	Elk Creek Subwatershed.....	24
4.11.5	Big Butte Creek.....	27
4.12	Recommendations and Possible Council Actions.....	31
	References.....	35

CHAPTER 5

5	Riparian/wetland conditions	1
5.1	Introduction.....	1
5.2	Critical Questions.....	1
5.3	Methods.....	1
5.3.1	Riparian Assessment Methods.....	1
5.3.2	Riparian Condition Units	2
5.3.3	Shade Mapping	2
5.3.4	Determination of Current Riparian Large Wood Recruitment Potential ...	3
5.4	Wetlands Assessment Methods.....	6
5.5	Results.....	6
5.5.1	Current Riparian Vegetation Conditions	6
5.6	Riparian Recruitment Potential.....	10
5.7	Riparian shade.....	12
5.8	Wetlands	12
5.9	Information Gaps and Monitoring Needs	16
5.10	Summary	17
	References.....	19

CHAPTER 6

6	Watershed Conditions and Project Recommendations	1
6.1	Introduction.....	1
6.2	Summary of Watershed Conditions	1
6.3	Prioritization of Restoration Projects.....	3
6.4	Watershed Indicators	5
6.5	Subwatershed Issues and Restoration Opportunities	6
6.5.1	Rogue River – Shady Cove Subwatershed	6
6.5.2	Rogue River – Lost Creek Subwatershed	8
6.5.3	Trail Creek Subwatershed.....	9
6.5.4	Elk Creek Subwatershed.....	11
6.5.5	Big Butte Creek Subwatershed	12
	References.....	15
