

R & E Grant Application 25-27 Biennium

Project #: 25-009

Hatchery Maintenance Bundle 25 - Cycle 1

Project Information

Requested Cycle: 25-1
R&E Project Request: \$200,000
Other Funding: \$2,000,000
Total Project: \$2,200,000
Spending Start Date: 7/1/2025
Spending End Date: 6/30/2027
Project Start Date: 7/1/2025
Project End Date: 6/30/2027
Organization: Oregon Department of Fish and Wildlife

Applicant Information

Name: Brent Hinners
Address: 17330 SE Evelyn St
Clackamas, OR 97015
Telephone: 971-673-6006
Email: brent.a.hinners@odfw.oregon.gov

Past Recommended or Completed Projects

This applicant has no previous projects that match criteria.

Authorized Agent

Name: Scott Patterson
Address: 4034 Fairview Industrial Drive SE
Salem, OR 97302
Telephone: 503-947-6218
Fax: 541-963-6670
Email: Scott.D.Patterson@odfw.oregon.gov

Authorized Agent

Name: Ryan Couture
Address: 2418 East Fall Creek Rd
Alsea, OR 97324
Telephone: 541-487-5510 x100
Fax: 541-487-5534

Email:

ryan.b.couture@state.or.us

Location Information

Where is it?

The project will occur Statewide
The project will occur on public land owned or managed by the applicant

Site Description

Street Address, nearest intersection, or other descriptive location.

Klamath Hatchery - 46161 OR-62, Chiloquin, OR 97624

Directions to the site from the nearest highway junction.

Directions: Travel north on Hwy. 97 from Klamath Falls. Turn left on Hwy. 62, heading toward Crater Lake. Proceed eight miles. The hatchery entrance is on the right.

Following project completion, public anglers will be allowed the following level of access to the project site:

Full access

Please describe what leases, easements, agreements are in place to ensure angler access to the project site, and what is the length of each agreement.

ODFW will provide access to anglers and the public as long as the property is owned or managed by ODFW

Dominant Land Use Type:

Forest
Wetland

Project Location

General Project Location.

County: Klamath
Town/City: Chiloquin
ODFW Dist: Klamath
Stream/Lake/Estuary Name: Crooked Creek
Tributary of: Klamath River

Specific Project Location.

Latitude	Longitude
42.6514	-121.9464

Project Summary

Project Summary

Please provide a couple sentence summary of the proposal.

The request is to provide the required match funds to rebuild the hatch house after it was destroyed in the 2020 wildfires. Project Summary will be found in the attachments.

Overall Project Goals

Describe the primary goals or outcomes of the entire project, including elements not requesting

funding from R&E.

Klamath Hatchery - Acquire funding to match FEMA and Agency Insurance to rebuild the Hatchery building, office and shop following the 2020 fires that destroyed these structures.

Primary objectives of R&E funding

Please describe the measurable objectives for the R&E portion of the funding request.

Klamath Hatchery - Provide matching funds (minimum 10%) to rebuild the Klamath Falls Hatchery building/office/ shop and purchase supplies and equipment.

Current Situation/Justification

Please describe the current situation and explain why this funding is needed.

Klamath - Hatch house/office/shop burned down in 2020 fires and needs replaced. Fish that are normally started at Klamath are currently being reared/ started at other locations which create production and transfer bottle necks.

Recreation and Commercial Benefit

This project will provide benefits to:

Recreational fisheries

Explain how this project will contribute to current (and/or potential) fishing opportunities, access, or fisheries management.

This project will provide a hatch house to incubate eggs and start fry prior to ponding while also providing office and shop facilities to support this program. Programs include the rearing of various species of Trout and include; rainbow, cutthroat, brooks and browns

Percent benefit split between Commercial and Recreational anglers:

0 % Commercial

100 % Recreational

Please explain, or justify, how the percentage split was determined:

This project has been identified as an ODFW priority for:

Local/watershed

Basin/regional

Statewide

Does this project directly support implementation of the ODFW Strategic Plan and/or current Fish Division priorities?

Yes

Projects are identified in the ongoing hatchery resiliency efforts

Please briefly explain when this was identified as a priority and what process or workgroup was used to identified this as an ODFW priority.

This project was identified as a priority following the 2020 wildfires. Fish Division leadership as well as Fish Propagation and Hatchery coordinators identified this project as a priority project. This project was listed as an "alternate" project in the 2023-25 R&E request

Identify any plan or other document that identifies this priority.

Is this project part of an approved Salmon-Trout Enhancement Program (STEP) activity?

No

This project is intended to benefit the following species:

Other Fish Species

Brown

Cutthroat Trout

Rainbow Trout

This project will benefit anglers or fishery by providing:

Hatcheries/Propagation/Liberation

Hatcheries/Propagation/Liberation

Hatchery Name:

Klamath Hatchery

This is a:

State hatchery

As a result of this request hatchery production will:

Restore

This project will:

Reconstruct the Hatch house which was destroyed in the 2020 fires

Fish produced at this facility are for:

Sport harvest

Project Design and Description

Please describe in detail the methods or approach that will be used to achieve the project objectives.

Engineering plans are included in the attachments. Construction has started

Engineering

Does the project involve capital improvement, engineering, site grading or other construction?

Yes

On ODFW land or managed by ODFW staff

Project Management and Maintenance

What is the life expectancy of R&E funded construction, structures, equipment, supplies, data or fishery?

The existing hatch house was built in 1929 so had a life span of nearly 90 years. Buildings typically have a life span of >50 years.

Who is responsible for long term management, maintenance, and oversight of the project beyond what is funded by R&E.

Hatchery Staff will be responsible for the long term management and maintenance of the hatch house and associated office buildings

Will the project require ongoing maintenance?

Yes

Once the hatch house is constructed, it will receive ongoing building and equipment maintenance.

Is there a plan to collect baseline data and to conduct monitoring efforts to measure the effectiveness of the project?

No

Project Funding

Funding

Have you applied for OWEB funding for this project?

No

Has this proposal, or similar proposal for this project location, previously been denied by OWEB or other funding source?

No

Other Funding Source	Type	Secured	Dollar Value	Comments
FEMA	Other	Pending	2000000	Estimated FEMA funds
Insurance		Secured	0
