Fish Passage Barriers:

Legend

- Fish Passage Barriers
- Fish Passage Status

8: Bridge - road stream crossing, Completely passable
9: Bridge - road stream crossing, Partially passable
A: Bridge - road stream crossing, Unknown passage, within anadromy

B: Cascade / gradient / velocity, Not passable
C: Cascade / gradient / velocity, Partially passable
D: Cascade / gradient / velocity, Unknown passage, within anadromy

E: Culvert - road stream crossing, Completely passable
F: Culvert - road stream crossing, Partially passable
G: Culvert - road stream crossing, Unknown passage, within anadromy

H: Dam, Completely passable
I: Dam, Partially passable
J: Dam, Unknown passage, within anadromy

K: Other known fish passage barrier, Completely passable
L: Other known fish passage barrier, Partially passable
M: Other known fish passage barrier, Unknown passage, within anadromy

N: Tide gate, Completely passable
O: Tide gate, Partially passable
P: Tide gate, Unknown passage, within anadromy

Q: Weir / sill, Completely passable
R: Weir / sill, Partially passable
S: Weir / sill, Unknown passage, within anadromy

U: Un known, Completely passable
V: Unknown, Partially passable
W: Unknown, Unknown passage, within anadromy
